

Mayor Honors Teachers of the Year - February 21

Wow! We have some amazing teachers in our community. And tonight, at the February 21, 2017 City Council meeting, Mayor Gary Fuller recognized all of our Teacher's of the Year for all the do for our children and our school system. Words can not express the gratitude our city council, administration and the parents of their students feel for each and every teacher in the Opelika School System. Superintendent Dr. Mark Neighbors and Assistant Superintendent: Mrs. Jean Preston Miller were at the meeting, along with each principal to honor and support these fine individuals. We thank you for all you do and for being shining stars.
